

# Leadership Talks

22nd June, 2019

As a part of orientation program for 1<sup>st</sup> year XAHR students conducted from 17th to 22<sup>nd</sup> June 2019, we had the privilege to listen to a leadership talk on the theme - *Life of a HR Manager in Corporate*, immaculately delivered by Mr. Rajesh Chintak, the Chief HRM – Engineering & Projects at Tata Steel on 22<sup>nd</sup> June 2019. In an interactive session with the students, Mr. Chintak talked about the transformational role of HR in present day organizations and the competencies that a HR manager needed to deliver on the expectations from the role. The session proved very helpful in setting the tone of the HRM program that the students would undertake, right at the outset.
